**Patience &
Compassion,
Personalized
Treatment**

Align is a practice of dedicated clinicians who recognize that there are as many ways of recovering from substance abuse as there are substances to abuse. Our residential and intensive outpatient treatment programs incorporate traditional social model recovery, CBT/DBT, addiction medicine, holistic services, psychiatry, and evidence-based counseling techniques, blended together with cutting-edge methodologies and modalities; the goal being to design a personalized, integrated treatment plan to help you achieve *lasting recovery.*
